

ROCK'N'RAINBOW

LET'S BOOGIE

This debut CD is a dazzling and colorful collection of high energy tunes that puts the FUN in FUNk-rock – inspiring kids and adults to get up and get active.

Rock'n'Rainbow hath created a new genre, 'Glam Kindie', and it is fabulous! Pre-release video singles 'The Freeze' and 'Five Senses' have already racked up tens of thousands of views on Youtube. View them at www.rocknrainbow.com/videos

Masterfully produced by veteran children's producer Tor Hyams, Let's Boogie explores the band's favourite forms of exercise: biking, heading out on scooters and boogying-on-down in glam kindie style. 'Let's Boogie' transports listeners to another dimension where rainbows are plentiful and always sonically charged.
